Dear Alderman Brian Watkyns

Thank you for meeting with Leon and I yesterday to discuss matters concerning the Thornton Ratepayers and Residents Association. We appreciate your input and guidance and look forward to working closely with you for the improvement and growth of the Thornton community.

Please could you forward all relevant correspondence regarding the erection of the cell phone tower on the property of the NG Kerk. Given that the project has been approved, we would like to appeal to the council to reconsider its position.

Any pointers from you in addressing this issue will be appreciated.

Please do not hesitate to contact me for further information.

Kind regards

Heidi Hector  
072 768 1341
